What is an interactive murder mystery?

It seems like a perfectly normal night out ... until someone at your table dies. Suddenly you find yourself in the middle of a murder investigation as both a suspect and an investigator!

Mesa Murder Mysteries offers a killer combination of comedy, sleuthing, professional dinner theatre, and audience participation. Because the actors are interspersed amongst the audience - no one knows who to trust ... with the exception of the sheriff in charge, an experienced actor and director of the action.

At first, the sheriff questions the suspects and provides evidence. But quicker than cyanide, it's your turn to take over, and determine whodunit.
